Hi, Wyn,

I have a question for you which I hope you will not mind answering.

As you know, I really respect your work, both in documentation and artistic endeavor.

In speaking about you, I learned that although your website says,

"I aspire to be
a Woman of God
a Proverbs 31 Wife
a Wonderful Parent
an Accomplished Artist and Advocate for Christ",

your biological gender is male and your presentation is female.

I have no problem with any adult's personal choices, but I would like to understand clearly who people are so I can interact with them correctly.

Thanks for your response.

Yours in health and freedom,

Dr. Rima

Hi Rima.

I certainly understand and appreciate your question.

In short, I am a eunuch, self~made by medication, and in accordance with Matthew 19:12. I am celibate and have been since 2015. I have never engaged in homosexual activity. In October of 2015, and three years after a second marriage failed and ended, I was officially diagnosed with gender dysphoria by both a psychiatrist and an endocrinologist, both of whom pointed to physical features and medical history indicating a potential organic basis for my gender dysphoria. That made sense to me since I've literally had gender dysphoria every day of my life since my first memory at the age of three in 1971. What I list in the About Moi section of my website is the unvarnished truth regarding my soul; and there I list the desires of my heart ~ what I am running the race for, as Paul said, and how I want to live my time during Christ's millennial reign. It might sound crazy, but I've read and re~read the New Testament many times, and I believe it to be possible according to Scriptures. This is the basis of my faith. I am a servant of Christ, and I have a cross to bear. I pick up and carry my cross every day, but I don't parade it. I always lead with substance, never with the personal. I am capable of presenting as both male and female; but I normally present as male, because I don't want to put anyone off by my mere appearance.

I will be happy to answer any additional questions you might have in this regard. In the first 16 or 17 minutes of my first interview with Victor-Hugo Vaca II, [Can Trump Be Trusted](#), he questions me pretty thoroughly on this same topic. I am an open book; but I am also genuine and substantive. Nobody has any weight on me.

I understand that I am an anomaly; but that which is anomalous garners attention, and the important topics I am addressing need attention. I am seeking to pick off rickety baggage cars at the rear end of the New World Order Crazy Train in the hope of derailing its unstoppable forward momentum. Sandy Hook, 9/11, Oklahoma City, etc. ... These are items of low~hanging fruit that can be picked and used to spoil the NWO's party punch bowl. People need to stand up, particularly the men of this country who are allowing their families to be decimated. If it takes a guy who wears dresses to show a bit of courage and set an example of how to stand and fight, then I'm game for all lawful and moral means to achieve victory. Indeed, I am willing to "become all things to all men, that I might by all means save some." (1 Corinthians 9:22)

I am feverishly working to finish a supplemental Sandy Hook evidentiary video to premier on your show. It goes into the circumstances of the alleged underlying event, and it's going to knock the

socks off of everyone who sees it.

Thank you for your thoughtful question and your time in thoughtfully considering my response.

All the best,

Wyn

Dear Wyn,

I did not need to take any time to consider your response. I am writing to you immediately after reading your candid and open reply.

My immediate response, which will be the same as my considered one? I like you even more than I did before we had this exchange and deeply appreciate your reasoning while I empathize with your challenging path. And I liked you a whole lot after our recent conversation, Wyn.

I would really, really love to have a private discussion with you as a physician, a woman, a psychiatrist and a human because I have questions based not on curiosity (mostly), but on my genuine desire to understand better what you can tell me about several aspects of your carefully considered reality.

Please know that I am asking out of respect since I believe that your careful and detailed mode of analysis can help me expand what I comprehend.

By the way, can we pre-record the December 17 show? Perhaps earlier that day since I know you are finishing up a project? Would that be possible?

You know, if we were in person rather than digital at the moment, I would reach out and embrace you. I absolutely love your frank courage. You are a human being after my own heart.

Yours in health and freedom,

Dr. Rima

Good morning, Rima.

Thank you so much for your heartening reply. I can't tell you how much your kind words mean to me ~ they literally carry and bestow Grace.

Please forgive my somewhat antsy plea for an expenditure of time in considering my response... I guess I'm so used to being ghosted/discarded after people learn about my "gender issue", that it's become a bit of an unintentional but learned "preemptive defense mechanism". 😊

I would very much enjoy and, indeed, appreciate an opportunity to speak with you privately, as you mentioned, and I will be happy to share my thoughts and history without reservation. We should schedule a morning or afternoon Zoom meeting for such a talk on a date in the coming weeks that is convenient to your calendar.

I am available to pre~record **the December 17th show** anytime that day and at your convenience.

Rima, I cannot count the number of smiles you have brought to my heart and visage this morning and day. God bless you and mightily so.

With kindest regards,

Wyn

Good news and more good news: the double booking I had just vaporized so we are good for a live show at 6-8 PM December 17.

And, yes, we need to set up a zoom chat.

I am in the Green Room of "Awake Nation" show right now so I cannot look at my calendar but I will send an email with some time suggestions later today.

Rima

Hi, Wyn,
How about tomorrow at 12 Noon Arizona time, which would be 2 PM Eastern?
Would that work for you?
I will send a zoom link if that is good.
If not, what works for you?
Rima
